

TRUST WAR IS BEGUN.

Moody Plans Fight to the Death.

Standard Oil Company Will Be Prosecuted Under the Elkins Law.

First Attack Will Be Made on the Rebate System of Railroads.

Then Guns of Sherman Anti-Trust Law Probably Will Open Fire.

(BY THE ASSOCIATED PRESS—P.M.)
WASHINGTON, June 22.—[Exclusive Dispatch.] Formal announcement of the purpose of the government to prosecute the Standard Oil Company was made today by Atty.-Gen. Moody. It appears from his statement that the proceedings in the first instance will be had under the terms of the Elkins law, which prohibits rebates in interstate commerce.

The attorney, however, gives notice that in all probability should the investigation he is still making justify it, he will bring further action against the Standard Oil Company under the Sherman anti-trust law, and also will take steps to insure against the continuance on the part of the company of discriminations in trade and transportation not now a subject of prosecution under existing law but especially provided against in the pending rate bill. The Attorney-General's statement follows:

MOODY OUTLINES PLANS.
"After full consideration of all information now available, including the report of the Commissioner of Corporations and the evidence taken by the Interstate Commerce Commission, I have reached the conclusion that criminal proceedings against the Standard Oil Company should be begun in certain cases where there appears to have been a violation of the law regarding interstate commerce and prohibiting rebates and other unlawful discriminations.

"Accordingly, such proceedings will be begun at once in the appropriate judicial districts. The cases are regarded and will be treated as of importance.

"It seems clear that in so far as the Standard Oil Company has obtained monopolistic control of interstate trade, the control has been in large degree made possible by discriminations in transportation rates or facilities, the discriminations being in some cases in violation of law and in other cases, though in violation of the public welfare, not in violation of law and therefore subject only to such correction as may be afforded by the railway rate legislation now pending in Congress.

SPECIAL COUNSEL ENGAGED.
"This investigation will require the assistance of the department and I have employed as special counsel Frank B. Kellogg of St. Paul, who was one of the counsel for the government in the recently terminated litigation against the Western Paper organization, and Charles B. Morrison of Chicago, now United States Attorney for the northern district of Illinois.

"The course of action I have stated has received the approval of the President and all the members of the cabinet."

"BAT" MASTERSON IN MIXUP SHEDS GORE.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, June 22.—[Exclusive Dispatch.] While a score of men were seated at the tables arranged along the bar in the Waldorf-Astoria Café at 9 o'clock tonight the exclamations of two men drew everybody's attention to "Bat" Masterston, appointed by President Roosevelt a deputy United States Marshal several months ago, and Col. "Dick" Plunkett, a well-known western character and habitué of the hotel.

Masterston had his hand upon the collar of Col. Plunkett's coat. He said in a loud voice:

"You have been making remarks about me. Come outside, I want to talk to you."

Col. Plunkett never moved a muscle, but looked Masterston in the eye. One of the witnesses to the encounter said:

PHONE CONCERN AFTER RIVAL.

Farmers' System in Eastern Washington Causes Pacific to Lower Rates.

(BY DIRECT WIRE TO THE TIMES.)
TACOMA, June 22.—[Exclusive Dispatch.] "War to the knife" has been declared against farmers' telephones of Palouse country by the Pacific States Telephone Company which owns the first telephone built through the inland empire and now covers the entire Pacific Coast with sundry miles of wire and hundreds of thousands of telephones. The big company has made a rate of \$1 a year.

The rural telephone lines of Eastern Washington had begun to have a serious effect on the business of the big telephone company. These lines, beginning with a single line with four telephones, were composed of barbed wire fences and telephones bought of a Chicago department house eight years ago, and the concern has grown into a large system, or series of systems, covering all of Palouse country with more than eighteen hundred patrons in Whitman county alone.

Telephone exchanges are maintained in all of the large towns and many smaller villages.

THEFT SHOWS RUSSIA'S HAND.

SECRET AGENTS WATCH PUBLIC LIBRARIES.

Young Man is Arrested in New York After Reading-room, His Apprehension Being Brought About by Czar's Employee Posted There to Locate Anarchistic Readers.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, June 22.—[Exclusive Dispatch.] When a young man of good appearance was arrested today, charged with stealing books from the Astor library, C. H. A. Bierregaard, librarian, made the statement that the arrest grew out of watchfulness exercised by men he said were employed by the Russian government to locate those users of the library's privileges who asked for books of anarchistic or anti-Russian tenor.

Mr. Bierregaard further said the man in charge of this espionage upon library patrons is a very well-informed person, and that readers of all books of liberal tendencies are the subject of his attention, and that this agent follows such readers to their homes and investigates their position in life and other activities, with a view to locating any anarchists or organizations of anarchistic character in this city.

Subsequently, Mr. Bierregaard grew very secretive on the matter.

WIDOW OF VICTIM OF INDIAN RAID TELLS OF THE AMBUSH IN WHICH HE PERISHED.

(BY DIRECT WIRE TO THE TIMES.)
EL PASO, (Tex.) June 22.—[Exclusive Dispatch.] Mrs. S. S. Slinkard, whose husband was murdered by the Yaqui Indians near Guaymas, arrived here today with her three children from Los Angeles on the Yaqui River and Pacific extension. She declares that one Mexican soldier of the guard who went ahead with her husband, survived the ambush. This man said that the killing was done by Yaqui Indians who were disguised in the uniform of Mexican soldiers.

It is thought that they obtained the clothes from the bodies of Mexicans killed in battles with the Yaquis.

NORWAY CROWNS ITS RULING SOVEREIGNS.

Coronation Ceremonies Are Impressive in Trondhjem.

Embassies of Foreign Countries Attend and the Cathedral Is Filled With Royal Dignitaries and Subjects of King Haakon VII and Queen Maud—Guns Belch Forth at Conclusion of Rites in Congratulation.

(BY THE ASSOCIATED PRESS—P.M.)
TRONDHJEM, June 22.—[Exclusive Dispatch.] A noble ceremony King Haakon VII and Queen Maud today were invested with the crowns of Norway. The time, the circumstances and memory gave the occasion a peculiar solemnity that produced an impression throughout the proceedings.

The short, white night, through which quiet reigned for the first time since the coronation festivities began, merged into a cold, sunless day and already a sound save the tramp of the soldiers, the roll of carriage wheels and occasional shouts broke the silence until all the day bells announced to the awaiting assemblage that the royal family had left the palace and were proceeding to the cathedral.

Already the ancient edifice, lighted by festoons of electrical globes that were dim in the pale light of the day, was thronged with a brilliant company, representative Norwegians, visiting princes and princesses, noblemen, diplomats and distinguished foreigners, and officers of the armies and the navies of the world occupied places on the front benches.

At exactly 11 o'clock the members of the Cabinet, in company with the leading clergymen from all parts of Norway, with the officiating bishops, marched down the long aisle of the church to await the King and Queen in the pavilion at the entrance.

Ten minutes later, while a shaft of light shot through the cathedral as the great portal was thrown open, the organ, with a crash of melody, began to pour forth the weird strains of the national anthem. The audience as one man rose to receive standing the youthful sovereigns who marched slowly down the long nave under the red and gold of the imperial banners.

BISHOP READS HYMN.
After the sovereigns had taken their place upon the dais the clergy in white robes disposed themselves in a semicircle around the altar. The music ceased and the Bishop of Trondhjem arose and read the first lines of a hymn, the import of which was "In the name of Jesus, all things must be done."

Led by the organ, orchestra and chorus, the audience sang a melody that might have been written for a sacrificial rite of the Norseman's ancient barbaric faith. The King, with a printed programme in his hand, joined in the singing.

After the recitation of the confession and the Te Deum, the Bishop of Christiania mounted the pulpit facing the King and delivered an impressive sermon throughout which ran a clear note of courage and happiness.

"Norwegian, be not afraid," he said. "Let joyful hearts praise God, the Savior for this great hour, that with us will be glorious sagas of Norway. Six hundred years have passed since a King of our own has been crowned in our fatherland. In the ceremony enacted today the great past meets the greater present and the broken threads of our nation's glory are knitted together."

After wishing the King and Queen joy in the new kingdom and beseeching them to be hopeful for its greater future, the Bishop said:

CROWN PRINCE NATION'S HOPE.
"I voice the thought nearest the hearts of our people when I ask Your Majesty to take to the little crown placed a greeting from the nation. He is our hope; with him lies the future which we shall prepare for him. May he grow up in the spirit of Norway, learning to live and think the life and thoughts of a Norwegian, after the manner and in the language dear to Norwegian hearts."

After the service a part of the cantata was rendered. Then King Haakon, preceded by the Chief of the Royal Household walked to the throne. He was grave and dignified. His long purple and ermine robe was borne by five young naval officers and he preceded by the royal household.

BLIND MAN GETS SIGHT.

(BY DIRECT WIRE TO THE TIMES.)
SOUTH BEND (Ind.) June 22.—[Exclusive Dispatch.] Tage Noyes, a Lake Shore Railroad conductor who lost his sight in a wreck in the local yards a few weeks ago, today recovered his sight in a novel manner. The straw hat of a child which he was holding rubbed against his eyeball and caused intense pain. Gradually the eye became numb and almost without warning the sight was restored.

The arrival of the bishops was followed by the appearance of a number of priests, all robed in white. They entered the north sanctuary at 10:30 o'clock and formed a semicircle about the altar, and with heads bent, offered up prayers for the King and Queen. Their entrance silenced the crowd.

In the meantime a line of officers and sailors from a specially constructed landing place, past the palace to the cathedral entrance, formed a lane to the steps.

TOWN SHELL BY MISTAKE.

Residents of Willoughby Beach, Va., Terrified by Strange Behavior of Ft. Monroe Gunners.

(BY DIRECT WIRE TO THE TIMES.)
NORFOLK (Va.) June 22.—[Exclusive Dispatch.] The residents of Willoughby Beach were thrown into a panic this morning by the falling of a ten-inch projectile in that vicinity. The shells were presumably fired by mistake from the big guns at Fort Monroe.

The guns are used regularly for target practice at the fort, the shells being thrown at floating objects out in the water. Why they should have been trained along the beach in this particular instance remains a mystery, the officers at the fort having as yet offered no explanation of the matter.

Several of the shells have been found. One of them came near striking the J. B. Porter cottage. The projectile rolled under the cottage after it had struck the sand.

Another struck in Twelfth street and another in Tenth street, and one came near striking the A. P. Warrington cottage. One of them struck a sail box of Willoughby Spit, turning it completely around.

TRAGIC DEATH IS MYSTERY.
TWICE ASSAILED EN ROUTE TO LONG-LOST DAUGHTER.

Body of W. A. Barracough, Who Had Just Heard from Child He Had Not Seen in Twenty Years, Found in Sacramento—Police Puzzled by Strange Fate of Marysville Man.

(BY THE ASSOCIATED PRESS—P.M.)
MARYSVILLE (Cal.) June 22.—The mystery surrounding the strange disappearance of W. A. Barracough, who dropped out of sight while on his way to meet a long-lost daughter, has been partially cleared up by Sheriff Wilson of Sutter county, who returned from Sacramento today, where he learned that Barracough had died June 9 from concussion of the brain, the cause of which was unknown.

Through the police he learned that Barracough was found unconscious on the street May 23, the day he left home. He was taken to a hospital and was released a few days later as cured but was again found unconscious.

The second time he was not recognized and was sent to the County Hospital. He had \$20 and some valuables. Death ensued the next day. Barracough was buried on June 15, but Sheriff Wilson said it is being held awaiting orders from a brother, H. A. Barracough, of Los Angeles.

The missing man started to meet a daughter whom he had lost twenty years ago in the East, she being then but 5 years old. She learned the address of a Los Angeles family of the same name last month and through them located her father, who departed immediately to join her in Sacramento.

He purchased many presents for her, which were found upon his person. The deceased leaves valuable property in Sutter county, to which his long-lost daughter falls heir.

FAIR DELEGATE CRIES SHAME.

SAYS LAWS SHOULD BE ENACTED TO PROTECT WORKMEN.

When News Is Received by Women's International Council in Session at Paris That Barber Asphalt Company Had Tabled All Women Great Hubbub Is Raised.

(BY DIRECT WIRE TO THE TIMES.)
PARIS, June 22.—[Exclusive Dispatch.] Disputes to the French papers stating that the Barber Asphalt Company had dismissed all its women employees in the United States rather dampened the spirits of the delegates to the Women's International Council, which is just finishing its work in Paris.

Mme. Isabel Bogelot, president of the French section, commenting upon the reason given—the limited business ability of women—said she was surprised, because in nearly all cases the women were not required to exercise original judgment or executive skill, but occupied clerical and other subordinate positions.

A German delegate said indignantly that there ought to be laws to prevent powerful firms from treating their women employees in that fashion, and throwing hundreds of bread earners on the streets for no fault but their sex.

The Countess of Aberdeen, president of the council, told her fellow-delegate that the matter was probably local and special and must not be taken as an indication of a general tendency.

NEW YORK'S MAYOR SAILS.

McClellan Goes to Europe for Summer Vacation in Midst of the Tammany Fight.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, June 22.—[Exclusive Dispatch.] Mayor McClellan will sail for Europe tomorrow and unless something should occur to cut his vacation short he will not return to this city until September 8. Patrick F. McGowan, President of the Board of Aldermen, will be acting Mayor in his absence.

Tammany is deeply interested in the departure of the Mayor and various reports are in circulation regarding the adjournment of the Board of Aldermen and Charles F. Murphy for the control of Tammany Hall.

Followers of the Mayor predicted last night that developments will place him in control of the organization.

ROAD ENDS REBATES.

Announces It Will Obey Law.

President of Chicago Great Western Hangs Out the White Flag.

No More Discrimination Will Be Shown in the Matter of Grain Rates.

Net Rates Will Be Present Rates Less One and One-fourth Cents.

(BY THE ASSOCIATED PRESS—P.M.)
T. PAUL, June 22.—President Stickney of the Chicago Great Western Railway today formally announced that his road would stop the practice of granting the "grain elevator rebate."

"These net rates," said Mr. Stickney, "will be the present rates, less 1 1/4 cents per hundred weight, so the actual rates will be the same as before and the rate will be the same for Peary & Company and for the Trans-Mississippi Grain Company, who received this 1 1/4 cent rebate, as for anybody else. This is the law and the law must be obeyed."

The new rates will go into effect tomorrow.

MOODY ENJOYS VICTORY.

(BY THE ASSOCIATED PRESS—P.M.)
WASHINGTON, June 22.—On being asked concerning the action of Judge McPherson at Kansas City today in his decision against the Armour, Swift, Morris and Cudahy packing companies, the Burlington Railroad and the individual defendants, Taggart and Thomas, Atty.-Gen. Moody said:

"The conspiracy was for obtaining rebates on a large scale, making discriminations to shippers highly injurious to the public welfare. The method adopted in concealing the true nature of the transactions showed clearly that the defendants wilfully, knowingly and deliberately sought to defy the law with a gross contempt of its provisions."

"After giving it careful consideration I concluded that the extent of the discriminations practiced showed that it was a case where the sentence of imprisonment was especially desirable and I directed the district attorney to urge on the court in case of their conviction the desirability of such a sentence."

"I regard the outcome of this case as of the most importance. The sentence of imprisonment imposed for the first time on persons guilty of rebating will, in my judgment, have a potent effect in checking the widespread practice of unlawful discriminations."

COMMISSION ENDS WORK.

(BY THE ASSOCIATED PRESS—P.M.)
WASHINGTON, June 22.—The last of the hearings for the present by the Interstate Commerce Commission, in connection with its investigations into the relations of the railroads with coal and oil traffic was held here today and marked the practical completion of the inquiry as regards the eastern bituminous fields.

The hearing will be resumed in the fall, the commission in the meantime preparing its report on the facts developed for the consideration of Congress.

DIES AT POST, TIES UP ROAD.

Rock Island Trains Held Until Officials Become Desperate and Find Lifeline Operator.

(BY DIRECT WIRE TO THE TIMES.)
LEIGHTON (Iowa) June 22.—[Exclusive Dispatch.] The Rock Island division of the Rock Island road was completely tied up for nearly two hours today because of inability to communicate with J. Sloan, the operator at this place, whose lifeline form was found at his post of duty.

The Rock Island officials in the meantime were in desperation. The dispatcher did not dare to send any train ahead until they had heard from Leighton. They called time and time again for the operator. No response came.

Finally, coming to the conclusion that something had happened, one of the passenger trains was sent ahead to Leighton under slow speed. As the train pulled into Leighton the operator was being carried away.

HO, FOR OYSTER BAY!

President and Family Prepare to Seek Sylvan Scenery When Congress Adjourns.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, June 22.—[Exclusive Dispatch.] The President, his family and the White House staff will leave for Oyster Bay within two days after the adjournment of Congress, which may come as early as next Thursday. Nine secret service men will be assigned to guard the President's summer home, including the two men now on duty at the White House.

While at Oyster Bay the President frequently takes long walks in the woods, and he is always accompanied by two secret service men.

MUCK RAKE DRAGS REBATES TO PRISON.

Swift, Cudahy, Armour, Morris and Burlington Companies Fined Aggregate of \$85,000 and Two Individuals Sentenced to Penitentiary.

(BY THE ASSOCIATED PRESS—A.M.)

KANSAS CITY, June 22.—In the United States District Court here this morning Judge Smith Thompson of Red Oak, Iowa, passed sentence upon the seven defendants recently convicted in this court of making concessions and accepting and conspiring to accept rebates on shipments. Judgments in the nature of fines were assessed as follows:

Swift & Co., Cudahy Packing Company, Armour Packing Company, Nelson Morris & Co., and the Chicago, Burlington and Quincy Railway, \$15,000 each.

George L. Thomas of New York was fined \$5000 and sentenced to four months in the penitentiary.

L. B. Taggart of New York was fined \$5000 and sentenced to three months in the penitentiary.

The fine of \$15,000 assessed against the Burlington covered all four counts, the aggregate amount of the fines in the seven cases totalling \$85,000.

Appeals were filed in each case and a stay of execution was granted until June 25. The bonds in the case of Thomas and Taggart were fixed at \$5000 each. These two men appeared in court personally, while the bonds of the other companies and the Burlington were fixed at \$15,000 each.

Before sentence was passed in the various cases motions for new trials were made by John Cowan of Omaha and Frank Hagerman of Kansas City for the packers and by Judge O. M. Spencer of St. Joseph upon behalf of the Burlington railroad and Thomas and Taggart. All these motions were overruled.

JUDGE SUMS UP CASES.

Judge McPherson said that he was fully persuaded that the verdicts in the packing-house cases and the case of the Burlington were right and he assessed the fines against all of the corporations at the same sum.

In speaking of the Thomas and Taggart cases, Judge McPherson said that evidence had been adduced to show that George A. Barton, for the firm of Barton Bros., wholesale shoe and leather dealers, had received large sums of money from various railroads through the defendants.

"Not only so," continued the court, "but the following named concerns received the sums stated from the railroads: Barton Bros., \$2500; Robert Keith Furniture Company, Kansas City, \$2500; Emery, Bird, Thayer Dry Goods Company, \$2500; Burnham, Hanna, Munger Dry Goods Company, \$2500; Hagerman-McKittick Dry Goods Company, \$10,000; P. P. Kirkendall Shoe Company, \$1000.

"So that, as nearly as can be gathered from the evidence, the defendants, after deducting for their own services from money received from railroads, paid to the concerns named in four years as rebates the enormous sum of \$2,450. And the evidence fairly shows there were other rebates paid by them."

"I assume all these concerns will be proceeded against for receiving these unlawful rebates, which can be done either by indictment or information, as the last vestige of the plea of immunity for corporations has been wiped out by the decision of the Supreme Court of the United States of March 12, 1906, in the case of Hall vs. Henkle."

MUCK RAKE LAID BY.

The appearance in the Federal Court for sentence of the representatives of the four meat-packing companies, one railway and two individual defendants recently convicted of violating the Elkins law, marked the end of the muck rake cases to be tried at this time of court.

One other case, that of the Chicago and Alton and one of its officers, has been reset for trial in September.

The indictments upon which the various defendants were tried were returned in Kansas City by the grand jury on December 12, 1905. The cases have been handled for the government by A. S. Van Valkenburgh, the District Attorney, and his assistant, Leslie Lyons, while the defendants have been represented by some of the ablest counsel in the West.

Of the eleven cases brought up this term the government has secured seven convictions; one defendant was acquitted and three cases were dismissed.

George L. Thomas of New York City, a freight broker, and his chief clerk, L. B. Taggart, whose case was the first to be tried, were convicted of securing rebates from railroads on shipments from New York to St. Louis and Kansas City dry goods concerns.

MYSTERIOUS MONEY RECEIVED.

At their trial several prominent merchants, who admitted they had signed contracts with Thomas, testified to receiving at various times sums of money from mysterious sources. Many thousands of dollars were thus received and some of the witnesses admitted the likelihood of it having come from Thomas.

The penalty provided is a fine of not less than \$1000 nor more than \$10,000, or imprisonment in the penitentiary for not more than two years, or both.

George H. Crosby, former assistant freight traffic manager of the Chicago, Burlington and Quincy Railroad, who was charged with conspiring with Thomas and Taggart to pay concessions, was discharged by Judge McPherson.

The court sustained a demurrer presented by Judge O. M. Spencer of St. Joseph, general solicitor of the railway, who contended that the evidence was presented to connect Crosby with the alleged conspiracy.

The Armour Packing Company, Swift & Co., Cudahy & Co. and the Nelson Morris Packing Company were tried jointly and convicted on the charge of accepting concessions from the Burlington in connection with connecting lines on packing-house products for export via New York.

The Burlington was convicted on four counts of granting concessions to the packing companies of Armour, Swift, Cudahy and Nelson Morris.

The penalty provided in the case of the packers and the Burlington involves a fine of from \$1000 to \$20,000 on each count, but not imprisonment.

OTHER CASES DISMISSED.

The cases of the Chicago, Milwaukee and St. Paul and the Chicago and Alton Railway companies, charged with offering concessions, and H. D. Kresky, a freight broker of Kansas City, charged with conspiring to secure concessions from these railways, were dismissed upon the suggestion of District Attorney Van Valkenburgh, who stated that he believed the railways in this case had been imposed upon. As the case against Kresky was predicated upon that against the railways, it was useless to try him.

In the case of the Chicago and Alton, J. N. Fathorn, its former vice-president, and E. C. Wann, a former assistant traffic manager, charged with having given concessions to the

victed, while the white woman was acquitted by the same court and jury.

DISTRICT ATTORNEY JUBILANT.

District Attorney Van Valkenburgh said after court had adjourned:

"I am entirely satisfied with the judgments. The government has been fighting for a great principle in the establishment of which the extent of punishment, although necessarily incidental, is of secondary importance.

"The so far as the extent of punishment is concerned, the following positions have been established:

"That the conspiracy statute applies to the combined efforts of individuals, acting by direct and indirect methods, to evade the interstate commerce law.

"That Congress has jurisdiction over interstate commerce, as conducted within the limits of our own territory, and has enacted laws which provide a remedy against favoritism and unjust discrimination.

"That export, as well as other tariffs must be fixed with the Interstate Commerce Commission and maintained.

"Neither shippers nor carriers can by contract among themselves render the provisions of the law inoperative.

"Finally, if any error has been committed, opportunity is given to have the same corrected by the highest court of this land to the end that its laws, as enacted by Congress, may be well understood, established and set.

"Incidentally, a substantial punishment has been inflicted. But such considerations are of minor importance in view of the great gain to society from a broad interpretation of the interstate commerce law, and the precedent established for the future guidance of shippers, carriers and the law officers of the government."

MINE FRAUD ALLEGED.

Suit Brought in Chicago Against Big Corporation to Recover Ninety Thousand Dollars.

(BY THE ASSOCIATED PRESS—A.M.)

CHICAGO, June 22.—Allegations of fraud and embezzlement in a mysterious bill filed in the United States Circuit Court yesterday against the Flager Iron and Steel Company of Chicago by Alfred S. Costello, H. H. Costello, Harvey Cheney and Robert Cheney whose names do not appear in the city directory.

The bill, which is for the recovery of claims aggregating \$90,000, is directed against Harvey K. Flager, who is named as president of the company; Willis P. Dickinson, treasurer; H. H. Head, W. R. Dickinson and others.

Efforts to locate the defendants in the case last night revealed the fact that Mr. Flager is not a resident of the city, but was known in Boston five years ago as a promoter; that W. R. Dickinson severed his connection with the company more than a year ago; and that Mr. Head is now in New York.

According to the bill the Flager company was incorporated in 1904, with a capital stock of \$500,000, to buy, sell, operate and lease certain mining properties and it is charged that the defendants have conspired to defraud the complainants and did defraud them of certain funds.

KAISER TO BE PLACATED.

Picture of the President to Be Sent to Offset Gift of His Criticism.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, June 22.—The German Emperor, who has no personal animosity in the criticism of his portrait presented recently to the Brooklyn Institute of Arts and Sciences and hung in the basement of the Brooklyn Museum, has started a movement to raise by popular subscription a large sum with which to pay for a painting of the President to be sent to the Emperor.

Franklin W. Hooper, director of the institute, who has characterized the Emperor's portrait as "worthless and a white elephant," announced yesterday that trustees of the institute had decided to present to the Emperor a portrait of the President.

Prof. Hooper said he was confident that the portrait would be a masterpiece of art and that the best artist in this country would be asked to paint the President.

Bitter feeling has resulted from the Emperor's presentation to the Brooklyn Institute of the portrait of himself. Prof. Hooper's criticism was made a letter in the course of which he criticized the portrait because it was a copy of the Corcoran picture and "of no value as a work of art."

TRUSTEES FOR BROWN.

PROVIDENCE (R. I.) June 22.—At the annual meeting of the corporation of Brown University yesterday Everett Colby, Prof. Benjamin Clarke, Frank E. Brooks and William T. Peck were elected trustees to fill vacancies in the board.

While the Chamber of Commerce is in the faculty, the only new member chosen was Camille Von Kellen, professor of German literature in the university. The trustees were voted to raise \$50,000 for the proposed John Hay Memorial Library.

Bank Open Tonight.

The Consolidated Bank of Los Angeles, 121 Broadway, in the Chamber of Commerce Building, will be open tonight, as usual, to accommodate the public in general and its old patrons.

Bank of Los Angeles.

Do you know that the Bank of Los Angeles is located at Spring and Fifth streets and does a general banking business?

SHIPMENS WILL NOT ARBITRATE.

Word to Mayor Schmitt: They Are Satisfied.

Vessels Are Being Moved by Non-union Crews.

"Dictator" Furuseth Invited to Do His Worst.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, June 22.—[Exclusive Dispatch.] The United Shipping and Transportation Association today sent to Mayor Schmitt a reply to his letter requesting that the difficulties between the association and the sailors' union be submitted at once to arbitration.

In this letter to the Mayor the association expressed its opposition to arbitration. The ship owners thanked the Mayor for his letter and stated that they were not prepared to submit the matter to arbitration, which they claim should have been undertaken before Dictator Furuseth stepped in and attempted to adjust the matter.

A. B. Hammond, chairman of the Executive Committee of the association, said today: "We are in no mood to compromise. We have been so long in the struggle with the sailors' union, that we feel justified in going ahead with the conduct of our own business without further interference."

BOATS BEING MOVED.

"We are moving boats and will continue to do so. Our members are opposed to considering any offers of arbitration from Furuseth."

"He claims his men can make money by going to work upon the boats working on our vessels. They are welcome to do it. We have manned our vessels with our own men, and we do not propose to put them out of employment to make room for men who struck."

"We have no objection to our property at most ports. The situation at San Pedro is most aggravating to us. We have no objection to our property at most ports. The situation at San Pedro is most aggravating to us. We have no objection to our property at most ports. The situation at San Pedro is most aggravating to us."

"I understand the Southern Pacific and the Salt Lake railways are seriously considering the placing of orders about their properties in San Pedro and East San Pedro, and it is necessary that the government should take action to protect the property of the United Mine Workers of America, for admission to the federation."

Acting Secretary Kirwin of the federation said today that as the interests of the coal and metallurgical mines are identical it is only a question of time before the two organizations must consolidate.

To take in the coal miners who have organized the United Mine Workers of America, Kirwin would mean a fight between the two organizations which might end disastrously to one or both.

SAN PEDRO POLICY TO CONTINUE.

"We have no objection to our property at most ports. The situation at San Pedro is most aggravating to us. We have no objection to our property at most ports. The situation at San Pedro is most aggravating to us."

James W. Leggett, vice president of the San Pedro Police, said today that the San Pedro Police will continue to enforce the law and order there.

This is the second steamer diverted from San Pedro to Redondo. We shall continue that policy.

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 22.—[Exclusive Dispatch.] Colder weather is in store for Chicago. It will arrive some time late tomorrow, following an onslaught of showers and chill winds. Prof. Cox attributes the remarkable exhibition of "summer" weather to a storm that has stranded on some atmospheric shoal over the lake, instead of moving eastward, as properly conducted storms usually do.

Maximum temperature today 64 degs., minimum 58 degs. Middle West temperatures:

TEAMSHIP ROANOKE—Thursday, June 28—The steamer ROANOKE, in regular service between San Francisco and Seattle, will sail northbound from company's wharf (West San Pedro) Thursday, June 28, at 10:00 A.M. For further information and rates call at City Office, 116 West Third Street, Los Angeles, Cal. Phone 7480, Sunset Phone 5115.

REGULAR SAILINGS San Francisco and Seattle

AND ALL PACIFIC COAST PORTS. Northbound, leave Los Angeles, San Francisco and Seattle, Monday and Wednesday 10 A.M. Southbound, leave Seattle, Monday and Friday 10:00 P.M.

FULL PARTICULARS, FOLDERS, ETC., can be obtained at City Ticket Office, 328 South Spring Street, H. BRANDT, D.F.A. C. D. DUNN, G.P.A., San Francisco.

until better conditions for law and order prevail at San Pedro.

K. H. Murphy, president of the Steamship Association of San Francisco, said tonight:

"We do not propose to arbitrate. It is a question whether law and order shall prevail along San Francisco's water front, or whether it shall be ruled by union ruffians."

"We send out two patrol vessels today and will continue to send them out with non-union crews. We are determined to throw aside the attempts of Furuseth to completely control affairs on this water front."

The amazing gall of this man is shown in the case of Mayor Schmitt, who has been so far from the water front, that he has been unable to go along with his picket boats in their attempts to stir up more trouble."

SERVICES NOT NEEDED.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, June 22.—When the steamer City of Peking arrived from Panama the regular union stevedores started to unload her. However, after working but a short time they were informed by the captain and the officials on the wharf that their services were no longer needed.

When union men left the dock the Mexican crew of the boat was put to work unloading her.

The inquest in the case of Andrew Kellner, the union sailor who was a member of the boarding party that went out to the steam schooner National City, and who was killed when the men on the steamer opened fire on the launch, was commenced before Coroner Walsh today.

In the custody of an officer the four men charged with the responsibility of the shooting were taken to the city hall, where they were held in the city hall.

As a result of the strike the lumber supply in this city is becoming very short.

The lumber dealers declare that there is but two weeks' supply of pine and redwood now on hand. If the shipping is not resumed within a few days building operations will be seriously handicapped. On account of the shortage, prices of all kinds of lumber are advancing.

GIBBONS SUIT DISMISSED.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, June 22.—Judge R. E. Lewis in the United States District Court today dismissed the suit of Michael Gibbons, former police magistrate of Victor, Colo., for \$30,000 damages against the United Mine Workers of America, for appointment by Sherman M. Bell, Adjutant-General of the Colorado National Guard, to investigate the cases of miners who were thrown into the "bull pen" during the labor war of 1904 in the Cripple Creek mining district.

Gibbons accused the defendants of conspiracy to compel him to resign his office and of false arrest and imprisonment.

A unanimous vote of the executive board of the Western Federation of Miners has turned down the application of the Colorado miners of Ohio and Illinois, affiliated with the United Mine Workers of America, for admission to the federation.

Acting Secretary Kirwin of the federation said today that as the interests of the coal and metallurgical mines are identical it is only a question of time before the two organizations must consolidate.

To take in the coal miners who have organized the United Mine Workers of America, Kirwin would mean a fight between the two organizations which might end disastrously to one or both.

at the time by two policemen were recovered when Thomas E. Padden, former City Hall employe, was arrested and confessed that he had boldly heeded the pick of Chicago's police force in their own home and had escaped undetected. Pay checks for \$5244 of the city's money were taken from the vaults of the City Comptroller by Padden. One hundred and seventy-five dollars' worth of these checks had been disposed of before his arrest, but the remainder was recovered by the detectives who were ordered to save the remnants of the dignity of the force by arresting the bold safe robber.

FEAR FOR LOST CHILDREN.

Leonard and Mary Faulkner, 10 and 12 years old respectively are believed to have been drowned in the lake at the foot of Thirty-eighth street or to have been kidnapped or murdered. A one-armed fisherman figures in the strange disappearance of the children.

They were last seen with him on the pier. All day today the police vainly dragged the lake at the foot of Thirty-eighth street. It is feared that the stranger, after enticing the children to the lake, may have harried them and thrown them into the water.

WOMAN'S MYSTERIOUS DEATH.

(BY DIRECT WIRE TO THE TIMES.)

DES MOINES (Iowa) June 22.—[Exclusive Dispatch.] Miss Ada C. Davis, 40 years old, was found unconscious on the floor of her home in Berwick this afternoon and died without regaining consciousness. Miss Davis lived alone in an elaborately furnished home. She is said to have been wealthy. The fact that an attempt was made by a strange man on her life several years ago strengthens the theory of murder.

CUMMINS IN LEAD.

(BY DIRECT WIRE TO THE TIMES.)

DES MOINES (Iowa) June 22.—[Exclusive Dispatch.] Enough delegates of the five county conventions tomorrow will instruct for Gov. Cummins to insure his re-nomination for Governor and defeat George Perkins, according to conservative estimates tonight.

SHE CREDITED
CREDIT MAN.Now Mrs. Lipsey Causes the
Arrest of Milward.Charged With Embezzling a
Large Amount.Accused Late Employee of
Furniture House.

John R. Milward, who has been employed by Barker Brothers as a credit man for the past eighteen months, was taken into custody by county officials last night charged with embezzling \$3,000 from Barker Brothers. Mrs. W. M. Lipsey, widow of a late Barker Brothers employee, is charged with embezzling \$3,000 from Barker Brothers. The specific charge placed against Milward is embezzlement, and according to Mrs. Lipsey's story, the authorities have a clear case against him.

Mrs. Lipsey was recently left a widow, and obtained \$5000 life insurance. The woman was employed in the drapery department of Barker Brothers' store, and had become well acquainted with Milward. Desiring to invest the money profitably she consulted Milward, and finally turned the money over to him, it is alleged.

According to Mrs. Lipsey, Milward invested over \$2,000 in various bonds, and invested and turned to her personal use nearly the entire balance, about \$1500 being returned to her.

After demanding that the money or securities be returned to her, Milward is said to have been compelled to acknowledge his wrongdoing, and Mrs. Lipsey immediately turned the matter over to Attorney Fleming, deputy district attorney, who is now investigating the woman's story, issued subpoenas, and last night ordered Milward's arrest.

Milward came to Los Angeles from Lexington, Ky., some months ago. He formed the acquaintance of Barker Brothers, and had little difficulty in obtaining a responsible position with Barker Brothers. When a vacancy in the place of credit man occurred a few months ago, Milward was given the position without hesitation, as he had proven himself a capable and apparently trustworthy employee.

A few weeks ago Milward met with an accident which resulted in him wearing his ankle in a plaster cast, and on the plea of illness he spent only one hour or two at the office of his employers. At times he failed to report at any time during the day.

Members of a first class club, that instead of spending his time at home recuperating, Milward was visiting skating rinks, downtown cafes and other places of amusement.

A result of these things, followed by the story told by Mrs. Lipsey, Milward was asked to resign, and has not been employed by Barker Brothers for several days past.

Milward has a pleasing personality, which won him many friends, and entry into the best society. He always dresses well, and an excellent voice obtained him entrance into a local church.

Mrs. Lipsey is a handsome woman of about 35 and has the fullest confidence of her employers. O. J. Barker, in a statement last night expressed great surprise at the turn of affairs, and stated that he had never before known the members of the company most favorably.

WOMEN'S CLUBS.

Philomaths Close.

The popular Philomaths wound up their club year with a most enjoyable banquet given last Wednesday at the handsome new clubhouse, "Casa la Roca," near Altadena, owned by two of the prominent business men of Los Angeles, the wives of several of whom are members of the Philomaths Club. Through the courtesy of Charles Hubbard and E. W. Davies, the banquet made welcome to the "Castle of the 1934," which is a beautiful clubhouse of three stories just now being fitted up in a style that is the envy of all other clubs in the city.

Mrs. Davies taking seven in his big touring car and Mr. Hubbard accompanying her, while yet others were in other automobiles—nineteen ladies in all. The date being so near independence day the decorations were carried out in patriotic colors with flags marking each place, and with carnations, blue and white flowers forming the decorations. Place cards, designed by Mrs. Eckert, were attached to tempting little red, white and blue ribbons. Cunning conundrums that set the wits working were a feature of the place cards. An elaborate menu was served and after it had been discussed, Mrs. Mattison D. Jones assumed the role of toastmistress, and the fun and frolic of the evening was kept up by the members of the club, and especially the president, Mrs. C. W. Harding, who has just been elected to a second term of office.

Mrs. Harding spoke of the "Friendship" and Mrs. Harding spoke to the sentiment, toasting the two popular men of the hour—"Our Two Chauffeurs," Messrs. Hubbard and Davies, the latter responding with a most chivalric compliment to the Philomaths ladies, demonstrating the proud eminence they occupy in the hearts of their husbands—the brothers-in-law, as it were, of the club.

After the interlude of all this good feeling the ladies held a short business meeting, during which the two loyal chauffeurs were permitted to watch the curling wreaths of smoke from their cigars while seated on the spacious porch, and then the whole party went to the near-by arroyo, where the clear mountain stream flows through the miniature canon, falling in a lovely cascade the shadowy depths below. The return trip to town was made as the afternoon was waning to twilight, and the club year closed in a halo of sunset glory.

As an appreciative token for the delightful entertainment, the club, before leaving, "Casa la Roca" voted a souvenir in the form of a handsome picture, to be hung on the walls of the clubhouse as a constant reminder to their husbands of their deep appreciation of the happy occasion.

Friday Morning's Interest.

The programme at the Friday Morning Club yesterday was of unusual interest. It was, from beginning to end, a Spanish morning. First, there was an address on "Some Spanish Writers" by Homer E. Eld, the authority on Spanish literature, now of Johns Hopkins, but later to be of Stanford University, where he has been engaged to take charge of the Spanish department next year. Going back sixty years when the Spanish had a very humble opinion of their own literary ability, he traced their progress in letters up to the present date. Previous to 1830, he said, the Spaniards revered the French classics and were bound by their precepts, rejecting their own na-

Rescued by Three Men, Who Hold
Another in Human Chain

LONG BEACH, June 10.—(Lat.)—A bather from head to foot, and almost exhausted, Cole C. Pruett, 18 years old, was dragged from the surf this morning after a narrow escape from drowning.

MRS. C. W. HARDING,
President Philomaths Club.

After that there was a literary revolution they began to feel the value of their literary past and to be proud of it and that thirst for knowledge was confined to good until just now the present, most cheerful and valued factor in Spain is her literature and they are doing quite as good work as Germany, France and other countries.

Turning to the drama, the most picturesque and powerful department of Spanish literature, Mr. Eld gave a comprehensive review of the most modern productions pointing out the doctrine of the point of honor is the most conspicuous feature of Spanish dramatic literature. The new doctrine of play has recently been introduced by modern dramatists whose types are not strictly in keeping with the old dramatic ideal. Mr. Eld concluded his address with a list of representative modern Spanish novels, folk tales and dramas popular in California literature. The list of Spanish names rolled off his tongue as easily and melodiously as water rippling over pebbles in the bed of a brook.

Just as Mr. Eld concluded his talk Prof. E. C. Moore, Superintendent of the Public Schools, arrived with his guest, Señor Chavez, Sub-Secretary of Public Instruction in the City of Mexico. Coming directly to the platform, Prof. Moore spoke first, briefly introducing to the club Señor Chavez, whom he met a year ago while in Mexico to inspect the school system there. The speaker at that time conducted Prof. Moore through the schools and to various educational functions. The establishment of a national university, first on the North American continent, is now occupying the attention of Mexican educators. The university is now building and is to be opened and dedicated in 1918, when the celebration of the anniversary of Mexican independence is observed. Prof. Moore called attention to the fact that whereas heretofore Mexico had followed the French model in education, now the educational leaders of our neighboring republic are looking with a good deal of interest to the United States and hope to establish as close educational relations as possible.

He stated that three years ago Señor Chavez was a student in the University of California and now occupies a special commissioner appointed by President Diaz to inspect and report upon our universities and educational institutions. Señor Chavez then addressed the club in his native tongue, Mr. Eld interpreting what he had said, which was a pleasant and full greeting, in which he referred to the National University as an attempt to unite the thought and endeavor of two republics. He spoke of the interest with which he had that morning under the guidance of Prof. Moore, visited the city school system and the two republics. He spoke of the interest with which he had that morning under the guidance of Prof. Moore, visited the city school system and the two republics.

At the club luncheon which followed the speakers were guests at table. Many members of the Russian Art Club were present to listen to the very entertaining programme.

Elbel Toasts.

There were some brilliant and witty toasts at the Elbel breakfast the other morning, which contributed largely to the enjoyment of the large number of club members present. Mrs. J. R. Millipiece, who was the toastmaster, introduced the ladies as they responded in turn to the sentiment proposed, lent wit and wisdom to the feast of reason.

Mrs. A. L. Darskin, who has just returned from a winter in Washington, D. C., called upon, her toast being the sentiment, "What Need We Any Spur but Our Own Cause." Mrs. Steven I. Heller, who was the toastmaster, introduced the ladies as they responded in turn to the sentiment proposed, lent wit and wisdom to the feast of reason.

Mrs. E. W. Britt made a clever response to the sentiment, "Our Own Cause." Mrs. Steven I. Heller, who was the toastmaster, introduced the ladies as they responded in turn to the sentiment proposed, lent wit and wisdom to the feast of reason.

MRS. DAY NEAR DEATH.

Woman Shot By W. F. Kitting Not
Expected to Survive Another
Day—Inquest in Case.Coroner Trout held an investigation
of the death of W. F. Kitting yesterday, and the case will go on record as a suicide. The man shot his wife and sister-in-law early Thursday morning, and then making his way to the cellar of the house, cut his throat.

Mrs. W. F. Kitting is said to be holding her own, and it is thought she has a chance to recover. A report from the Clara Barton Hospital at midnight said that Mrs. Kitting was doing better. Edward Kitting, aged 16 years, and eldest son of Mr. and Mrs. Kitting, was an attempt to run a way from home Thursday night. After his mother was shot he went to live with his uncle in Boyle Heights, and Thursday morning at 7 o'clock he was released.

An investigation showed that the boy had taken his mother's watch and what money she had in her purse at the time of the shooting, and disappeared. The police were notified at 9 o'clock Thursday night, and a description of the lad was given to the night watch. The Sheriff also took up the matter, and yesterday morning young Kitting was located in Ocean Park and brought back to this city and turned over to the police. He is being held in a cell, and his relatives are at a loss to know why he should run away at this time, when his mother is hovering between life and death.

rumor founded on somebody's hope. The men concerned are spending their own money in a legitimate search for oil, knowing that if it is found it will make them all rich and that if it is not found, they had hoped no one would be the wiser. But the curious have given circulation to rumors and the rumors have been magnified. It is authoritatively stated that no oil has yet been found, though a hole is down several hundred feet.

ACTIVITY AT ROLLER MILL.

New machinery, including a set of large rolls as auxiliary equipment for the Lane roller mill, is being placed at the Relief mine a few miles northwest of Phoenix. This property has been producing for the last year and a half, though the plant is too small for the most profitable working. With the new rolls its capacity will be greatly increased. The mine is being developed rapidly, several veins of good size and value being well opened up. The latest vein is in a granite formation and seems richer than any deposit previously encountered. It is expected the mill will be running again before the end of the month.

ARIZONA NEWS ITEMS.

A cut of one cent a mile on the local passenger rates of the Santa Fe and Southern Pacific railroads and connections is announced by local officials, to become effective July 1. Summer weather in Arizona was more than usually cool this year until within the last few days, and it is now warming up after the manner of other years. The effect is noticeable on the business of the railroads, whose semi-weekly excursions to Los Angeles are now being patronized liberally. The shipment of cantaloupes from the valley to the coast has begun through the medium of the express companies. The larger part of the crop will not ripen until after the last of July, when the season's car lots East and West will begin. It is estimated that this year's crop will approximate 150 carloads.

JAPS MAY AID ROJESTVENSKY.

ST. PETERSBURG, June 22.—Several Japanese seamen and two surgeons have been summoned as witnesses in the trial by court-martial of Admiral Rojestvensky on the charge of cowardice in surrendering to the enemy. They are expected to give evidence to the admiral's condition at the time of the surrender.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Expressman Collision Victim.

W. E. Babier, an expressman, 60 years of age, was hurt in a collision between his wagon and a trolley car at Downey street and Avenue 15 yesterday. He sustained a fracture of the skull, and may not recover.

Buy on East First.

W. B. Merwin & Co. have sold for E. J. Blanchard to the Summers Paint Co., lot 50x125 feet on the north side of First street just east of Vignes street for \$15,000. The property is practically vacant and the buyer will proceed to put up an establishment for the paint business.

Dying Sister Wants Brother.

Friends of Will Larkin in Vallejo are endeavoring to locate the young man, as his sister is dying, and is very anxious to see him. It is thought Larkin came to this city several months ago, and the police yesterday received a letter asking that he be located and informed of the illness of his sister.

Electric Burn Kills Lineman.

O. R. Bridges, a Los Angeles-Pacific lineman, who was seriously burned by a live wire in Ocean Park Wednesday, succumbed to his injuries last night. He had been in the care of physicians at the Sisters' Hospital and it was hoped that he would recover, but yesterday he had sinking spells and died at 8:30 o'clock.

BREVITIES.

It is stated by Kenyon & Truett, resident agents for the Atlas Assurance Company of London and the Providence Washington Insurance Company of Providence, R. I., have complied with all the requirements of the new State law and are paying all San Francisco losses, dollar for dollar, as rapidly as details of adjustment will permit.

Pease Souvenir Book. Thirty full page illustrations. SEEKING WAY TO REGULATE.

City Meat-Purity Committee to Formulate Plan.

Officials in Joint Meeting Suggest Methods.

Sentient Plant Offered for Public Abattoir.

Impure meat is to be an unmarketable commodity in this city if plans formulated last night at a joint meeting of representatives of the Board of Supervisors, Board of Health, Board of Public Works and the City Council are carried out. Extended discussion by a score of citizens present resulted in the appointment of a committee of five to arrange a system whereby the city meat traffic that does not come under government inspection, and to look into the legality and practicability of a city abattoir.

In taking this action the city is trying to guard itself against the traffic in cheap stock that is carried on by small dealers who depend upon pick-up meat drawn from the local stock raisers, who kill their beef or pigs on their ranches, cut out the infected parts, if there are any, and then bring the meat to the city to be sold on contract to the butcher or as a last resort to the restaurants. It was pointed out at the meeting that the danger comes from the section fatted by the Board of Supervisors and men of that board stated that action by the city would be followed by county regulation as far as possible.

PLANT IS OFFERED.

President J. D. Ryan and Vice-President C. H. Harper of the Sentient Packing Company were present, and the latter offered, on behalf of the company, the Sentient plant as a public slaughter-house, suggesting that if the city appoint an inspector to regulate the inspection and stamping, the city will be put to no further expense. Harper said that a rate of 75 cents per hundred is made by the Los Angeles-Pacific Railway on meat from the Sentient plant, located two miles south-west of the city limits, and that a cost charge would be made for killing of 50 cents each for calves and 25 cents for hogs and 15 cents for cattle. The offer was looked upon favorably by most of those present.

Deputy City Attorney Hewitt was in doubt as to whether the city has the power under its charter to build and maintain a city abattoir. Supervisor Alexander expressed the opinion that the county could not assist in the establishment of a public slaughter-house without running the risk of having demands made upon it by other cities in the county—that it would be wrong for the county to pay money to go to the support of a city institution.

Dr. Powers outlined the purposes of a public slaughter-house as a place where inspection of stock could be had before killing. "An action should be taken which will compel all cattle not brought under government inspection to be taken there," he said, "or not in favor of having such a slaughter-house within the city limits and I believe that the county authority to conduct a public slaughter-house outside the city limits." He favored the suggestion of the Sentient Packing Company, but an ordinance accepting would result in a series of "private snags" unless the killing charges could be regulated by legislation. The licensing of butchers was suggested as desirable.

FOR PLAN OF ACTION.
On motion of Dr. Manning, with the second of Dr. Powers, Chairman Smith appointed the following as a committee to formulate a plan of action: Drs. Powers, Kurts, Manning and Salisbury and Councilman Kern. This committee was instructed to confer with both the City and District attorneys.

The result of the establishment of a system for the regulation of the meat traffic will be a city ordinance to the effect that all meat sold in the city must bear either the stamp of the government or city inspector, and imposing a heavy penalty for infraction. Meat smugglers will be dealt with severely under such an ordinance. Dr. Powers stated that an ordinance now being drafted to compel all dealers to cover their meat while on the streets after a certain important point has been provided for it is the intention, to follow the regulation down to the smallest peddler and make so thorough a clean-up by means of ordinances that pure meat for this city will be insured for all time.

Among others present were: Supervisors Alexander, Patterson and Wilson; from the Board of Health, Dr. Kurts; from the Board of Public Works, Anderson, Hubbard and Edwards; Councilmen Smith and Kern; Health Officer Powers; T. H. Nordstrom; Lewis Hoffman and William H. McGill, secretary of the Board of Health, who acted as clerk of the meeting.

Bank Open Tonight.

The Commercial Bank of Los Angeles, 124 South Broadway, in the Chamber of Commerce Building, will be open tonight, as usual, to accommodate the public in general and its old patrons.

Fiesta Souvenir Book.

Thirty full-page illustrations of all the magnificent night electrical lights and the handsome set of the four parade floats are published in this fine Fiesta Pictorial Souvenir, printed on the best paper. Ready for delivery at The Times Job Office, 115 North Broadway. On sale at all bookstores and news stands. Price 25 cents.

JOE MARGOLIS SINGS REFORM.

**Eighth Ward Butcher Out
for Kosher Politics.**

**Might Run for Council on a
"Piness" Ticket.**

**Too Many "Hoodlums" in
the Ascendant.**

If no other prominent business man
in the Eighth Ward will heed the good-
government call and make the race for
Councilman, Joe Margolis, the Yiddish
butcher of Turner street, coyly admits
that he knows some fine timber for
the office.

Kosher politics in "de Ate" is Joe's
aim. Purty waves dash high around
his little meat shop. Joe is the wave
that require the attention of something
more than the ordinary politician.

Despite his whiskers, his greasy
trousers and the fact that he is of a
happy-go-lucky disposition, Margolis
is a man of ideals that show even
through his tottering English and his
rough exterior.

Whatever ambitions he may have to
sit in the City Council, he says he
would rather see Rev. Dana Bartlett
in the place than any other man he
knows, but Margolis is not certain.
Mr. Bartlett would accept the place if
it were tendered him.

The crowding of many persons into
small quarters is a thing that Margolis
is especially bitter against, since
the influx of the large number of Jap-
anese and Russians as a menace. Mar-
goliss makes no attempt to conceal from
his customers the feeling he entertain-
s toward them, a feeling akin to
contempt, although it is flavored with
pity.

He declares himself against the
"hoodlums" and the selling of liquor
on Sunday, also against graft in the
Council.

He favors playgrounds, better san-
itary conditions, free baths and many
of the other things that settlement
workers have labored hard to intro-
duce. Without formally announcing
himself as a candidate, he has framed
up a platform that would do credit

"POLY" HIGHS RIGHT IN IT.

**Will Give "Polly's Rivals"
Great Send-Off.**

**Reception at School Proves
Full of Life.**

**Untinted Stunts by Boy and
Girl Students.**

The new stage fittings just placed in
the Polytechnic High School auditor-
ium by the Board of Education will
have their dedication next Thursday
night, when a party of students under
the direction of Mrs. Gertrude Parsons,
superintendent of music in the high
schools, will present a musical comedy
entitled "Polly's Rivals."

The cast includes a bunch of the
brightest girls and boys of the Poly-
technic School, and Mamie Adamson,
in the title role of "Polly," is said to
be in every way worthy the contest
waged for her hand by the seven-
titled gentlemen who appear in the
play for that purpose.

A group of six Spanish dancers has
been organized, and their part evolved
by Miss Norma Gould, and they will
be one of the chief attractions. The
castette is composed of Ruth Miller,
Hazel Ludwick, Marie Reicher, Mamie
Cliff, Mamie Adamson and Norma
Gould.

Mrs. Parsons and her company of
amateurs have been devoting much
time to rehearsals, and they will give
a well-finished production, for the
success of which a bureau of promoters
is hard at work among friends in and
out of the school, as the proceeds are
for the benefit of the athletic fund.

"POLY" HIGHS DO STUNTS.
As this is the first year of the Poly-
technic High School there is no grad-
uating class, but Principal Francis and
the "Poly Highs" want people to know
they are on top the ground. Next year
there will be a class of about fifty
graduates, who came into the school
with advanced work.

With one of the finest school plants
in America, enrolling 1500 students,

JOE MARGOLIS IN HIS STRONGHOLD.

**Joe Margolis, the kosher butcher of Turner street, who wants a business man
for Councilman of "De Ate," and who would not be deaf to the people's
call.**

motor in which the energy centers
Just behind his counter, when he is
the place alone, is the man on whom
he has his eye as a promising candi-
date.

Barney Healy, the Republican in-
cumbent, has no admirers among those
who gather around the meat block to
talk over the coming city campaign.

E. L. Hutchison ("Ed Hutch"), fixed
star in the Democratic firmament, can-
not shed luster enough to penetrate
the meshes of Joe's screen door, and
Walter Horgan, Otto Quandt and oth-
ers of the unwashed pass by on the
other side of the street.

"So dey told you I was going to run
for Council," remarked Joe yesterday.
"Well, dey know more about as I do.
Sure I will mek de race if no oder
piness mans vill do it. Ve should
to get somebody bud hoodlums to
mek run. Bud I haf some plans iss
better. I vill go to conventions as a
delicket, und oder piness peoples of
dis vord."

"I haf lived in dis vord for many
years und always in dis piness und
vidout any josh de morals is getting
vorse every week."

"DOOMING" FOREIGNERS.
"De says de bloody Ate iss for men-
nyfacturings only, iss no place
for homes. So dey doom de Japanese
und de Rooshians down here und mek
it a mennyfacturing district. Un-
American citizens must haf protection."

"Dere are sixty right around here
haf fifty or sixty more und vinnens
in. Look ad um by Bettelheim Church.
Ve haf a goot government leak. Mr.
Coedy, der grocer, iss president, und
Mr. Green is vice-president, und ve
haf ooder goot members. Ve vant re-
liable Councilman."

"Vy, dere iss more beer sold in dis
vord on Sundays dan in de Imperial.
Efery Saturday brewers doom kek
at houses and on Sundays dere are
more drunks in de vord den at a
Dooch beer garden."

Joe says Councilman Healy hasn't
the rare tact that a municipal states-
man should possess.

"Parney iss not diplemette. Comes
Espee railroad for a site-trace ordi-
nance. Parney could to stay away or
go to country. Dere iss votes enough
mitout him. Bud does he stay away
mit? Neni! He votes mit de grock
und he spoils a chance to look goot,
even if he don't veer a necktie."

PACKAGE FOR HUTCH.
"Mr. E. L. Hutch, he comes down to
see me. 'How iss ut?' he asks me. 'Oh
fine,' I says, und he think I talk about
him for Councilman when I talk about
de weather."

"Und comes Walter Horgan und
says 'how iss ut?' und I tells him fine
too. Und that's what I tells all of
um, but all de time I am thinking of
deese goongs on de railroad engines
und all de ooder noises in de vord und
I am thinking of de goot man for
Council, vich is not Mr. E. L. Hutch,
nor Walter Horgan or Otto Quandt."

"It's a poor man's vord, Joe main-
tains, und it needs a man of more than
ordinary attainments to look after its
interests. Filling up rapidly in some
sections with Japanese and Russians,
who are the best customers of Margolis,
ecological problems are arising

to men with titles that sound higher
than "Joe, the kosher butcher."
Joe may be funny, but he's no joke.
He has a vord full of friends. He
would make a picturesque and lively
campaigner. He is making a good
living with his meat shop and sausage
machine, but he might drop the
clever for the Council. It is prob-
able that there have been worse Coun-
cilmen than he would make.

ITS COMING TO HIM.
Colored Woman Gets Official Advice on
Hitting Brother With Bill
When He Appears.

A husky colored woman with a figure
like a feather bed appealed to the
city prosecutor yesterday for advice.
She said she was buying furniture
on the installment plan; fell behind;
debt was sold to a colored man, who
wanted to enter her house by storm
and take the furniture.

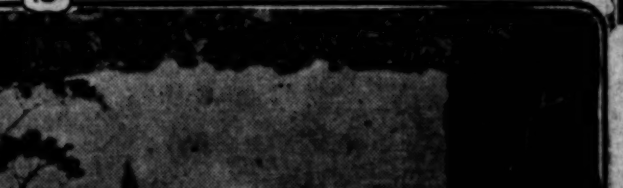

Her face was tragic with trouble.
"Don't let him do it," advised the
city prosecutor.

"Kin I frow him out, Yo Honah?"
she asked hopefully.

Mamie Adamson as Polly

Students of the Polytechnic High School who will render a musical comedy,

admired in the wood shop. They have
every appearance of having come from
the hands of experts, and are the
work of professionals. The auditorium
was packed and every seat was re-
ceived with applause.

The Girls' Club gave vord drills.
Dumb-bell exercises, and fancy march-
ing. They wore bloomer costumes of
navy blue cloth and made a fine ap-
pearance, and their excellent work
brought rounds of applause from the
audience.

BOUQUETS FOR TWO.
At the conclusion of the programme
great commotion was occasioned by the
megaphone "artist," in the east gal-
lery.

"Lousley, Lousley; we want Lous-
ley," he shouted over and over, to be
taken up by the student body, and
Mr. Lousley was picked up bodily by
his athletic pupils and carried out in
front of the curtain, while the stu-
dents raised pandemonium. A huge
bouquet was handed to the director,
and while he tried to say a vord of
thanks, the boys lay down behind the
curtain and struck their heads on the
Miss Rous was then led out, on de-
mand of the booster at the megaphone,
and received a handsome basket of
flowers.

An interested spectator of this typi-
cal scene in a typical American school,
was George Chas., from the City of
Mexico, a member of the Mexican
Cabinet. He was present as guest of
City Superintendent Moore, and was
apparently much delighted at the de-
monstration. In response to repeated
calls, he made a brief speech in Span-
ish. Prof. Moore also expressed his
pleasure.

WORK OF PUPILS.
In the wood-working department,
domestic science department, and nec-
essary department, there were a
displays of the handwork of the pu-
pils.

Massive pieces of furniture in an-
tique oak and other woods were much
admired in the wood shop. They have
every appearance of having come from
the hands of experts, and are the
work of professionals. The auditorium
was packed and every seat was re-
ceived with applause.

For a public art gallery and an an-
nouncement just received here states
that the association has secured
without cost the use of 222 feet of
picture space and a large sculpture
hall in the handsome new Carnegie
library building in Seattle. Original
paintings and sculptures are to be
obtained for the permanent exhibit
and lectures are to be given for the
benefit of the public.

A FRAZZLED FIZZLE.
Boss Bakerg Break Bluff Boycott of
Foolish Union—Many Men Ready
to Fill Strikers' Places.

In spite of the boast of the union
bakers, who have threatened to close
the Globe Flour Mills, it is learned,
from reliable authority, that less than
a score of men have responded to the
strike edict of the union, which has
declared a boycott against the mills.
The strikers' places, in each instance,
have been filled with non-union men,
who are anxious to work.

A dispatch to The Times last night
from San Francisco states that an-
other large party of non-union bakers
have left that place for this city to
take the places of union strikers. This
is the third party to leave the North,
and the employing bakers of Los An-
geles are assured of plenty of help in
their fight against union domination.

The firm stand taken by the employ-
ing bakers has done much to discour-
age the strikers, who see ahead of
them only dismal failure. Union men
are still using flour from the Globe
Mills, and proprietors of bake shops
declare the men must continue to use
the product if they desire to hold their
jobs.

The unionists will hold a meeting
this afternoon to consider the situa-
tion, and, in view of the fact that so
large a number of first-class non-union
workmen are arriving from San Fran-
cisco, it is believed the silly boycott
will be declared off.

BERG'S ACHIEVEMENT.
Former Los Angeles Policeman Now
Director of State Art Associa-
tion at Seattle.

Bustling Seattle has taken a long
stride cultureward in the acquisition
of two large galleries and sculpture
halls for the use of the Washington
State Art Association. Of particular
interest to many Los Angeles people
is the fact that George L. Berg, who
a few years ago a patrolman on the lo-
cal police force, is director of this as-
sociation. Berg probably is the high-
est artist in the great Northwest—a
stripping fellow over six feet in
height, and as popular as he is big.

Berg has made wonderful progress
in the development of his talent for
art since going to Seattle, and his
choice as director of the art associa-
tion is an indication of the interest
he has taken in the work.

With others he has worked hard

PUBLIC SERVICE.

SUMMARY OF THE DAY.

The Vernon Improvement Association went before the Board of Public Works yesterday to protest against the failure of the city to send sprinkling carts into the Sixth Ward.

Property owners and the Southern Pacific have started a squabble over laying a spur track on Date street.

W. P. Jeffries spent most of the afternoon yesterday squaring himself with the Street Superintendent for carrying away fifty feet of sidewalk on Winston street without a permit.

Jacob Beasie is seeking a divorce on the ground of a curious form of cruelty through which Mr. Beasie's health suffered so that he had to come to California.

John Dossel has begun suit against Fritz Kloeke to recover \$10,000 damages for alleged alienation of his wife's affections.

Mrs. Schek was arraigned yesterday afternoon before Justice Rose, the crowd who waited to see her being fooled by the officers of court.

Signalman Pease of the National Guard was fined \$25 yesterday for hitting a man who interrupted his fine German dialect story.

AT THE CITY HALL.
DUST NUISANCE
CLOUDS VERNON.COMMITTEE'S TRAGIC TALE OF
LOST SPRINKLING CART.

Health Office Says Diphtheria Germs Travel in Sand Storms—No Hope for New Wagon Until Next Budget Is Reported—Department on Short Rations.

Travel stained and dust begrimed, the Vernon Improvement Association walked into the committee rooms of the Board of Public Works yesterday morning to demand more sprinkling carts for South Los Angeles.

Chairman Smith said that a dark and a sprinkling cart used to operate somewhere in the eastern corner of the Sixth Ward, but that both disappeared in a dust cloud on Farthest street two days ago and have not been seen since.

And the committee voted with its hand on its stomach that they haven't seen him since. All were very certain that there has only been a single cart to sprinkle twenty-five miles a day all summer. A trip east on Vernon avenue from South Park is reported to be fraught with as much danger as an expedition into Death Valley.

The committee pictured the conditions as a kind of cross between a sand storm and a volcanic eruption. The members were inclined to the belief that the ward is discriminated against by reason of its political misbehavior.

The board came back at the protestants by sending them a little homily on old streets and thoroughfares improved with "natural soil." Some of the commissioners suggested that the ward prepared to reap its whirlwind of dust when it foisted on the city streets improved without the use of gravel.

In action from which most of the complaints come many of the streets were presented to the city improved only by mixing oil with the natural surface of the thoroughfares. A result almost all these streets present a strong likeness to a desert trail in Arizona along in by time.

Commissioner Edwards said that the board has found that little good comes of sprinkling these oiled streets with water. He said the board has a real fight almost all these streets present a strong likeness to a desert trail in Arizona along in by time.

But the committee pleaded so insistently that the board agreed to send two extra carts into the southern end of the ward next week.

Dust complaints almost as strenuous as that of the Vernon association are coming daily to the Board of Public Works. The weather of last week apparently dried all the moisture out of the surface of the streets and the resultant dust storms are decidedly unpleasant.

From the health department has come a remonstrance that the clouds of dust are likely to create an epidemic of diphtheria. There is something in the dust particles that spreads this disease.

At the present time the board is employing the extreme number of carts and drivers allowed by ordinance. Neither the street department nor the board can do more until there is an increase in the force—and this is not likely to come until some time in the next fiscal year.

POROIT HIS PERMIT.
CARRIED OFF SIDEWALK.

W. P. Jeffries spent a strenuous afternoon yesterday squaring himself with the Street Superintendent for carrying off fifty feet of sidewalk on Winston street without a permit.

Two months ago a company of which Jeffries is one of the leaders started a new building on Winston street. In making the excavation Contractor McCrea carried away gravel out to the curb-line. The sidewalk disappeared and pedestrians were compelled to take to the middle of the street.

Yesterday morning a deputy in the street department went to his chair to replace the sidewalk and keep inside the property line. But this was not until City Prosecutor Beasie offered to prepare a complaint for Jeffries' arrest.

"DE ATE" IS AROUSED.

A petition for a spur track on Date street—and a protest against it arrived at the City Hall yesterday afternoon almost simultaneously. Some of the board members used by the protesters indicate that this is likely to prove another Jackson street affair.

The Southern Pacific Company asks for a spur track franchises on Date street, extending from Macy street to Alhambra avenue. The distance is about seven blocks. It will connect the company's yards south of Macy street with the main line on Alhambra avenue.

Hot off the bat from the heart of "De Ate" came a protest that Date street is only forty feet wide, and that a railway down the center will block the thoroughfare to travel.

The petition will go before the Council next Monday, and the protesters will be there to meet it.

WILL MANDAMUS BOARD.

DISPUTE OVER CONTRACT.

George M. Holton, ex-District Attorney, is preparing the first mandamus aimed at the Board of Public Works. Attorney Holton's ire was raised yesterday afternoon at the disposition of the members of the board to investigate into the necessity for a new

retaining wall at the west end of the Third street tunnel.

Five months ago the Council entered into a contract with J. A. Hill to build a retaining wall west of the tunnel extending from Third to Second street. For some reason, not explained, Mayor McAleer declined to sign the contract. The question was resting in abeyance when the Board of Public Works came into office.

After that the Mayor insisted that it be a matter in which he is without jurisdiction. He thinks that it is the duty of the Board of Public Works to execute the contract.

Yesterday the board declined to sign the document until it satisfies itself that the improvement is one for which the city should pay.

Attorney Holton insisted that the question is one on which the board has no jurisdiction. "If you have any doubt in your mind about that," he said, "we shall simply get one of our judges to pass an opinion on it."

"Very well," Mr. Holton retorted, the chairman. "We shall wait for that opinion." With this he turned to other business, and the attorney left the City Hall, vowing that he will bring mandamus proceedings today.

AT THE COURTHOUSE.
HUBBY SENT
TO THE ATTIC.

DULLNESS OF CANADIAN TOWN
DEMORALIZES WIFE.

Mrs. Beasie Sent Her Husband Into Spasm of Unrest Until He Contracted Heart Disease. Then She Shipped to New York and He Seeks a Divorce.

Because he caught cold sleeping in the attic and about the same time contracted an obdurate form of heart disease, as a result of the shock given to his feelings by his wife, Jacob Beasie had to come to California. Now he is waiting with patience for the court to give him a divorce.

Beasie yesterday told Judge York of the merry dance he was led by Mrs. Hattie C. Beasie. He married her at Fort Plain, N. Y., he being a sober young business man in a small town in Ontario, and was charmed and delighted with the vivacity of the girl he made his wife.

But after enjoying the little burst of social glory that followed her divorce, Mrs. Beasie found her husband carried on business as a commission merchant. Mrs. Beasie lost interest, and began to appreciate another side of her character. Things were so deadly dull the New York girl didn't know what to do.

When Beasie learned that his wife had the title placed in his wife's name she was delighted. That at least was his own way, and a woman who would always be of use. But again the wife got a fit of the doldrums at the dullness of the little town and cast about for something to break the monotony. And she found what she was looking for.

Joseph Cable became acquainted with Mrs. Beasie and the two proved to be such congenial spirits that they were together, until public attention was directed to the relationship. Beasie was compelled to renege with his wife. She treated his remonstrances scornfully, though promising to refrain from provoking gossip. But she didn't give up her friendship with Cable, and what with watching his wife, and watching her, the strain proved too great for Beasie, and his heart began troubling him.

Family jars were not infrequent about this time, and the wife told her husband that she had rented out most of the rooms in the house and that he had better move out. He had retained a room for herself, but Beasie had to climb up next to the roof to get any peace.

But sleeping in an attic during a Canadian winter was no joke, and Beasie contracted a cold that affected his lungs. His doctor recommended an opportunity, and in October, 1904, she told him that she had made other arrangements and he would have to get out of the house. He was actually in his own home, while Mrs. Beasie packed her trunk and left the town without telling her husband where she was going, or whether she intended to return. Shortly afterward Beasie was ordered to California and here he has been ever since.

His wife has been enjoying the gay life of life in New York, and her friend, "Joe" Cable, has also visited the big city.

The only testimony corroborating Beasie was in the shape of affidavits, and Judge York stated that he would read them over again and decide the case at his leisure.

A HUSBAND'S PLAINT.

INSIDIOUS WILES OF KLOKE.

John Dossel has been bereft of his wife, and he is seeking to recover damages from the man, who, he says, has poisoned her mind against him. Furthermore, he complains that he has been made to appear in a mercenary light, as having married his wife for an ulterior purpose, and other than love and affection.

Fritz Kloeke is the man whom Dossel accuses, and he claims that his insidious wiles were first put in operation about October, 1904, when Dossel and Mrs. Dossel were living in a state of turbulence. Kloeke so affected the mind of Mrs. Dossel that she became prejudiced against Dossel and refused to recognize him as her husband. She absolutely refused to continue living with Dossel, and by slurring remarks, let him know that she doubted his disinterestedness in his marrying her.

Now the injured husband demands that the court give judgment in his favor for \$10,000 against Kloeke, this being the amount of valuation of her love and affection, and the amount of damage resulting from the scars inflicted upon his self-esteem as estimated by the plaintiff in the suit begun yesterday in the Superior Court.

CUPID SAW A WAY.

EMMA LINDT NOW MARRIED.

Emma Lindt is only 17 years of age, and has been a ward of the Juvenile Court. A nice girl and quiet pretty, she has refused to accept her situation with the dignity that her father thought was requisite.

But either by lucky accident or because Miss Emma is a smoother little girl than she has received credit for, she never so far overstepped the bounds of propriety as to be sent to Whittier, where her father, who had kept late hours, had been caught associating with young men, but when brought to task played penitent and was released, back for another trial or something of the kind.

But Emma was again at her old tricks, and was again arrested on complaint of her father. Judge Wilbur advised Mr. Lindt to get the girl married, and put it up to Emma either to get married, or to go to Whittier. Of course, before this alternative was presented an "eligible" was on hand. A young man named Eugene D. Sherman of Ocean Park was eager to snap up the prize package if he could, and yesterday the father gave his consent. The girl wasn't willing to get married, but as she confessed that Sherman heads the list of her admir-

ers, she gladly consented to marry him rather than to go to Whittier. The license was obtained, and in a few moments the girl passed from out the jurisdiction of the Juvenile Court.

FEELINGS WERE HURT.

BUT JURY LACKS APPRECIATION.

Charles Cunningham was tried yesterday before a jury in Justice Pierce's court on the charge of disturbing the peace. After considering the matter for some time the jury hung up seven to five, and the defendant's case will possibly be tried again and possibly it will not. There were some mitigating features about the disturbance charged.

Cunningham and his wife live on the East Side, and have their little family apart. They sometimes fall out just for the exquisite delight of making up again. But they both speak in rather loud tones, and their language is sometimes of the virile order. All this could not be a fault in the defendant's case, and when engaged in words with the neighbors have, at times, been much shocked and hearing cues were ripping through the night air from the Cunningham home.

Charles Cunningham had Cunningham and his wife arrested, and the matter was thrashed out as stated. It was from the evidence there appeared of the marriage. The husband might be some truth in the defendant's case, but the disquiet was not as great as alleged, and that if Cunningham had been actually disturbing the peace, the jury disagreed.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

KINGS COUNTY WATER. The Kings County Canal Company has incorporated for the purpose of taking over the rights of the Lake Land Canal and Irrigation Company. The directors are L. H. Pollock, F. C. Chas. H. Caselli and L. W. Moultrie, Los Angeles, and J. E. Brown, San Bernardino.

LIVINGSTON DIVORCE.

Mary C. Livingston was granted a divorce from Charles Livingston yesterday before Judge York on the ground of desertion, and failure to provide. The parties were married January 1, 1909, there being three children of the marriage. The husband was in a good way as a grocer in the city, but lost his business.

SCHWERNIN PLEADS.

Harry Schwernin, the handsome young fellow, who was arrested on two forged charges, pleaded insanity before Judge Smith yesterday. His wife was in court with a babe in arms, and soon after the defendant's plea, the judge was a pitiable one, for the defendant broke down and sobbed with his wife. Paul Tasher, his attorney, was not in court to speak a word for his client. Judge Smith was impressed, and said he thought a light sentence would subserve every end of justice, but Mr. Tasher had already been told that several other forged checks had come to light. The court read the record of the defendant's previous record, and sent him back to jail until June 28 when Schwernin will receive his sentence.

THE INFERNAL CROWD.

MORIBID CROWD WAS FOOLED.

WAITED MANY HOURS TO SEE MRS. JOEL SCHECK.

New Charge Has Been Made Against the Woman Who Is Alleged to Have Plotted With Her Paramour to Murder Her Husband. Will Be Tried Separately.

Morbid crowds of women who waited hours to see Mrs. Schek arraigned for murder were checked yesterday. She was snatched hurriedly into court after the disappointed crowd had gone home. After being arraigned, she was taken back to jail before the audience could reassemble.

They didn't miss much. It was a poor show. Her paramour, Stackpole, could plead insanity and prove it by the fact that he was enamored of Mrs. Schek. She is a big, fat, dumpy, dull-looking, unattractive woman.

As early as 5 o'clock in the morning women began crowding into Justice Rose's courtroom to see her arraigned for murder. Many of them were young girls.

At last, when every one in the room was on the point of suffocating for want of air, Stackpole was brought in alone. As he is alleged to be an ex-convict once or twice over, it was no new sensation for him.

Almost surrounded by newspaper men and detectives, he answered one or two formal questions in a dull, disinterested voice. His examination was set for June 28, and he was led back to jail.

The court was then cleared of disgruntled, disappointed women. Shortly after 1 o'clock Mrs. Schek was led in and arraigned.

She was plaintive and sniffling, and kept pleading with the officers not to make her face Stackpole.

As the officers fear she will break down and refuse to make good her confession with Stackpole sitting in the courtroom, looking at her, the first charge against her—wherein she was charged as co-defendant with Stackpole—has been dismissed, and another and separate charge has been made against her.

DIALECT STORY.

MADE ROUGH HOUSE.

The attempt of Milittian Pease to tell a funny dialect story at the armory landed him in the Police Court yesterday. Many others who try to

tell dialect stories do not get their just deserts.

The story that First Class Signalman Pease tried to tell was about a German sentry trying to stop an automobile in Oakland during the earthquake.

Just as he was getting to the funny part where everybody was expected to "holer" their heads off, a severe voice butted in: "Det is a dem lie. I am a Dutchman myself, and I don't believe he set it."

"Seems to me you're buttin' in pretty cheap," retorted Signalman Pease, indignant at having his story spoiled just when he was going to tell what the Dutch sentry yelled back at the auto driver.

"It is a dem lie," shouted the newcomer, who wore dark glasses.

"Bing!" This sound was caused by Signalman Pease's right fist colliding with the face of the man who interrupted.

Pease was arrested and brought into court yesterday, the complaining witness giving his name as Clement Schmitt; he is a veteran soldier and a German.

When he sentenced Pease to pay a \$5 fine, Justice Rose delivered himself of a few words of advice to the defendant. "Seems to me," he said, "that you people ought to be able to preserve discipline down there without calling me in. It doesn't speak very well for the morale of your organization that you should be calling each other liar, and striking one another, and not being able to keep order in your own armory without calling in the police."

TORTURERS ARE
SIMPLY FINED.

THREE RANCHMEN CONVICTED
OF REVOLTING CRUELTY.

Officers of S.P.C.A. Find Crippled Horses, Dripping Blood, Working on a Chatsworth Farm—Three Suffering Beasts Killed, Seven Rescued—Owners Pay.

For torturing a horse almost beyond belief, James Langdon, a well-to-do ranchman, is said to have been threatened with mobbing by the good women of Chatsworth. The women were abusing horses he was fined \$25. The women gnashed their teeth because he was not put in jail. Nothing but the sight of him pecking through the prison bars would have satisfied them.

Later on or more the local S.P.C.A. have been receiving burning letters from the wives of the Chatsworth Park business people and ranchmen.

They told dreadful stories of the condition of the horses driven by the driver under arrest, and especially one by Langdon.

Yesterday Dr. L. H. M. De Biron of Pasadena went to Chatsworth to investigate. He had hardly been in town when he saw a horse driven up the street in a horrible condition. Its collar was rubbing into a raw and bleeding wound. He could see the blood and wound across the street.

Crossing immediately and placing the driver under arrest, he took the prisoner to be James Langdon, whom he had gone to investigate. The horse was immediately turned out and the tumor was removed.

Dr. De Biron says that, in all his experience, that horse was the most shocking-looking animal he ever saw. Although it was not destroyed, he says it never should be used again.

After the horse was turned out, Dr. De Biron went out to the ranch of S. Paulson and Longstrom, where he found ten horses worked under circumstances that were revolting.

One of them was so deformed that it practically had but three feet. One had a bad tendon, and was dragging along a cut foot. Three horses were killed by S.P.C.A. officers. Others were ordered to be turned out and not used again.

All three men made the same excuse when taken before the court yesterday. They said they were in the midst of harvesting and did not have horses enough to save their crops from spoiling. They admitted that under this pressure, they had put some horses in harness that were unfit to work.

Had it not been for this excuse, Justice Young says, he would have imposed a much heavier fine.

PASSENGER TRAIN DERAILED.

Southern Pacific Overland Jumps the Track in River Station Yards. One Injured.

Southern Pacific train No. 9, the overland express, from El Paso, was derailed in the River Station yards yesterday afternoon, in such a manner as to block the main line tracks for two hours. The train, which is due in Los Angeles at 12:40 p.m., was an hour or so late, and while pulling into the yards, the flange on one of the day coaches climbed a much worn frog in the track and left the rails, pulling the next car off the track also. The derailed cars were not overturned, but little damage was done to the rolling stock.

A woman passenger, who was standing in a vestibule, became alarmed when the wheels began bumping over the ties, and jumped from the coach. She fell and slid a considerable distance, cutting and bruising her face. She refused to give her name even to the railway employees. She boarded a passing car and was taken to her home.

"GEN." MOORE'S
NEW CAMPAIGN."UNION MISSIONARY" GRAFTED
IN FIELD AGAIN.

Makes Bold Charge on Pockets of the Public, Despite Frequency With Which His Methods Have Been Exposed—Leaves Building Hastily When Janitor Gets on Trail.

"Gen." A. W. Moore, commander-in-chief and one of the five members of the Union Mission Army, has bobbed up serenely again and is waging his campaign for funds as of yore.

Routed time and again with his forces, and for a time lost to local sight, he once more appears on the field in all the gaudy panoply of his self-confessed rank and is touching up the weak spots in the enemy's defense—touching them up for such stray cash as can be drawn through the picket lines.

Moore has been lying low since his last inglorious defeat, when a constable swooped down on his "mission home" and carried off most of the bedding, but with his wife, the other member of his local army, he has become established anew at No. 2234, East Fourth street and is begging among business men for help.

In the face of repeated failures to obtain the endorsement of the Merchants' and Manufacturers' Association, Moore was engaged yesterday in working the downtown district. He left the Bradbury building hurriedly when the janitor got on his trail for operating in violation of the notice that bars beggars, solicitors, and peddlers from the structure.

Moore protests that he is engaged in a "worthy" work; that he is affording shelter for men at low cost to them, and that he is doing much to uplift the unfortunate. He says his place always is open to inspection by the police.

The Merchants' and Manufacturers' Association officials charge him particularly with making misrepresentations on previous occasions by displaying a list of donors and amounts that was misleading to persons to whom it was shown. Moore's members require such certification before giving up money to solicitors. Moore was engaged yesterday in working the downtown district. A Week and a
Few Days

And then YOU, who have wanted a piano at a bargain figure, will have missed the opportunity which we have offered you. A great many homes have been made happy because of a piano purchased at our annual sale; more will be made happy in the closing days of this sale. But we want YOU, READER—who have longed for a piano—to come and see for yourself what we are offering.

UPRIGHTS GRANDS SQUARES

Are in this sale, and any of them on most liberal terms, if you wish.

SOME OF THE INSTRUMENTS OFFERED ARE THE VOSE, STRICKHARDMAN, KINGSBURY, etc.; some fine Organs, and a number of Piano Flutes are still offered.

Don't Forget to Come. Don't Forget the Children. Don't Neglect the Opportunity.

REMEMBER THE PLACE

When you want anything in Music, we are TALKING MACHINE HEADQUARTERS.

VICTOR TALK-O-PHONE ZON-O-PHONE EDISON

And a Stock of More than 25,000 RECORDS

Pianola and Regina Agents, Southern California Music Co.

San Diego 332-334 So. Broadway, Los Angeles, Riverside, San Bernardino

SOFT SHIRTS for Sunday wear; for vacation time; for climbing and the seaside. Made. Soft Shirts are the best you cannot fail to be satisfied with our stock. Prices from \$1.00 to \$3.00.

BUSCH'S FAULTLESS BROWN HATS at \$3 are the same quality those sold in other stores at \$4.

BUSCH'S, SECOND AND BROADWAY

The.... "Harry Gray" Shoes for Women

They stand for all that is best in American Shoe Making. Original design, perfect fit, comfort and satisfactory service.

Quality Without Variation, Honest Value All Through.

Yacht Races.
STINSON JARVIS.
Columbia came into yachting
through a great trans-
pacific interest of many
communities is centered on
that is giving Los Angeles
of all the yachting jour-
nals of this interna-
tional is a sufficient indica-
tion of the interest in the
and adding for, but there
little reply to the queries be-
cause yachtsmen feel unable to
correct line on results.
The weather conditions ex-
posed by the contesting vessels,
different wind pressures
produce big differ-
ences in the finish gun fired at
the start in the preliminary
it was generally thought
that the Hawaiian schooner, La
Luna, would, under Skip-
per's command, and perhaps
while in all heavy
twenty-five miles up
Anemone, would have
power called out
show the pace to all of
the observations that were
made by yachtsmen in the first
of the start June 11,
was to alter regular pa-
ttern. The fact that this
boat had the others when
was from, and was still
that carried the gallant
and his Kanaka crew, and
thought that the showing
was almost final.
The well as he had come so
this contest, and because
of the fact that the
although a small boat
was a seemingly substantial
light outpacing, and perhaps
with a five-mile lead at the
of the night of careful atten-
tion and trimming, that this
boat in a long coast race
boat should last for three
days.
The Anemone's short boat,
the summer-day
was only lost in the shuffle,
to be cruder, that can re-
sult in the easy sailing race
is the most coveted
of the race.
The Anemone's travel on six feet
of the race for the America's
cup and she has more un-
derneath than the other boats
of similar weight to
the many tons of outside
weight is considered in com-
parison with the heavy internal
fixing of the boat, and the
of this cruder dif-
ference of the races, the top
of the boat when running under
power would be similar
to the Anemone to make
the race.
The racing crew of the
Anemone, the best time
on the patent log was
three-quarters knot, and the
of the boat, which was
of the boat which had pre-
ceded the America's Cup at
St. Louis, 1.1 mile, 1.1
I should therefore place
the Anemone's limit at about eleven
miles of this may be con-
sidered.

BIG COLLEGES RACE TODAY.

Cornell's Showing in Morning Makes It Favorite.

Drayton's Illness Saps Confidence of Pennsylvania.

Wisconsin and Pennsy Divide Honors in Betting.

FRISCO SCORED ON EACH.
[BY THE ASSOCIATED PRESS-F.M.]
PORTLAND (Or.) June 22.—Portland piled up nine errors today and the visitors piled up nine runs. Score: Portland, 1; hits, 2; errors, 3. San Francisco, 9; hits, 19; errors, 4. Batteries—Easlick and McLean; Hitt and Wilson. Umpire—Knell.

AMERICAN LEAGUE.
BOSTON DEFEATS CHAMPIONS.
[BY THE ASSOCIATED PRESS-F.M.]
PHILADELPHIA, June 22.—Boston defeated the American League champions today in a hotly-contested game. Philadelphia tied the score in the ninth inning on a base on balls and four singles and Boston gained the victory on a two-out, on a two-base hit by Grimshaw with the bases full. Score: Boston, 6; hits, 13; errors, 1. Philadelphia, 4; hits, 13; errors, 2. Batteries—Winter and C. Armstrong; Conkey, Waddell, Dygert and Schreck.

SMITH POUNDED HARD.
[BY THE ASSOCIATED PRESS-F.M.]
ST. LOUIS, June 22.—Cleveland pounded Smith hard today and won 13 to 2. Score: St. Louis, 13; hits, 17; errors, 4. Cleveland, 2; hits, 14; errors, 8. Batteries—Smith and Rieky; Bernhardt, Hess and Clark.

EASTERN OUTFITTERS ORTH.
[BY THE ASSOCIATED PRESS-F.M.]
WASHINGTON, June 22.—Patten easily outpitched Ort today and was given very good support, Washington defeating New York as a result, 2 to 1. Score: Washington, 2; hits, 9; errors, 8. New York, 1; hits, 7; errors, 2. Batteries—Patten and Haydon; Orth and Kleins.

DETROIT SHUT OUT.
[BY THE ASSOCIATED PRESS-F.M.]
CHICAGO, June 22.—Chicago shut out Detroit here today. Chicago took the lead in the second inning and scored on Lindsay's error and Sullivan's single. Score: Chicago, 5; hits, 8; errors, 2. Detroit, 0; hits, 6; errors, 2. Batteries—White and Sullivan; Siever and Payne.

NATIONAL LEAGUE.
EVERYBODY SCORED.
[BY THE ASSOCIATED PRESS-F.M.]
BOSTON, June 22.—The local players scored five runs in the second inning of today's game with Brooklyn and won easily, 5 to 1. Score: Boston, 5; hits, 14; errors, 3. Brooklyn, 1; hits, 7; errors, 2. Batteries—Pfeiffer and O'Neill; Stricklett, Eason and Bergen. Umpire—Johnstone.

GIANTS VICTORIOUS.
[BY THE ASSOCIATED PRESS-F.M.]
NEW YORK, June 22.—In a fast game today the New York team defeated Philadelphia 4 to 1. Score: Philadelphia, 1; hits, 4; errors, 1. New York, 4; hits, 11; errors, 1. Batteries—Pfeiffer and O'Neill; Stricklett, Eason and Bergen. Umpire—Conway and Emslie.

LOSE ON WILD PITCH.
[BY THE ASSOCIATED PRESS-F.M.]
PITTSBURGH, June 22.—A wild throw by Raub in the first inning allowed two men to score, giving Pittsburgh the game today. Score: Pittsburgh, 2; hits, 5; errors, 8. St. Louis, 1; hits, 7; errors, 1. Batteries—Leifeld and Potts; Brown and Raub. Umpire—Carpenter and Klem.

WAS THE RACE PULLED?
Emperor William Takes Helm on His Yacht Meteor and Skins Fleet in Kiel Races.
[BY THE ASSOCIATED PRESS-F.M.]
KIEL, June 22.—[By Atlantic Cable.] Emperor William at the wheel today sailed his yacht Meteor and defeated the German yacht Hamburg and the British-built yacht Clara. In the first of the larger schooner races. The yacht finished as follows: Meteor, 2 hours, 45 minutes, 42 seconds. Hamburg, 3 hours, 49 minutes, 42 seconds. Clara, 3 hours, 49 minutes, 42 seconds. The Emperor is described as feeling very jolly over the easy victory of his yacht. Frederick K. Whitehead, who was the special ambassador of the United States at the wedding of King Alfonso and Queen Victoria of Spain, dined with the Emperor tonight on board the Hamburg.

SMITH WINS CHAMPIONSHIP.
Nassau Country Club Professional Open Golf Tournament.
[BY THE ASSOCIATED PRESS-F.M.]
FLOREMORE (Ill.) June 22.—Alec Smith, the Nassau Country Club professional, won the Western open golf championship today by two unbeatable rounds of 75 and 74. This, with his scores of yesterday of 83 and 73, made his total 296 strokes for the 72 holes play, three strokes better than that of John Hobens, the Englewood, N. J., professional, who led the field at the close of yesterday's play. Hobens ruined his chances for the championship by taking 80 strokes for his morning round. He made 75 this afternoon, but Smith in the meantime was playing perfect golf. Fred McLeod of Midland and Willie Anderson of Ontonagon divided third and fourth money with scores of 211 each, and Gilbert Nicholls of Denver took fifth prize with 212.

Another Record Smashed.
LONDON, June 22.—In a swimming contest at Richmond, today, C. M. Daniels, the American champion, broke the English record for 100 yards in 1:15.2 seconds. His time was 27.5 seconds.

Poolrooms Raided.
TORONTO (Ont.) June 22.—The police yesterday raided twenty poolrooms and hand-book betting concerns in the business part of the city. More than 150 men were arrested.

INVINCIBLE IS YOUNGSTER.

Gordo Whelan Has Garbutt Handball Cup Cinched.

Wellcome Forced to Sit in Gallery and Perspire.

Hall and Mitchell Engage in Sensational Game.

It is hard lines for Dick Wellcome to sit in "nigger heaven" and see the remainder of the finalists in the L.A.A. C. handball tournament driving and vollying down below in the courts, while he must remain a member of the "pepper sauce" brigade and argue the relative merits of the players with Dick Dunne, Garbutt and Epton. Wellcome has been an interested spectator for the past two days, but is still unable to play, owing to being out of condition physically. The play yesterday was exceptionally spirited, and every point was hotly contested. Mitchell and Hall were the particularly brilliant stars in one of the best games of the week. They played two games, and in the first Mitchell walked all over the boy with the broad smile. When they entered the court for the second, Hall had blood in his eye, and went after Mitchell with a vengeance. He secured a good lead and maintained it for a time, fighting fast and furious every drive Mitchell sent out. Then the second highest in the tournament took the bull by the horns and jumped to the front, bringing the score somewhere near 15-15. For a time it looked like another of those games, and both men put their best efforts forward. Hall surprised even the old-timers in his fast volley work, and the pace became so fast that it looked like a case of endurance. Mitchell caught his second wind, and began serving the ball into the left-hand corner of the court, in most instances puzzling his opponent. Then drawing Hall up to the wall, he started his place work, running out 21 to 15.

Whelan had easy pickings with Frank Garbutt, his cat-like agility more than overcoming the cunning of the more experienced player. Garbutt tried every trick he possessed, but Gordo was always in the way of the ball, many times going flat on his chest in shutting off what looked to be a sure score. The game ended 21 to 11, and after it was over Garbutt remarked that every one would have to take off their hat to the "pinto" kid. In winning his game, Whelan clinched the cup, for it is not likely any one can catch him in the remaining games yet to be played here in California.

Mitchell took Loomis on for a fast game, defeating him 21 to 10, and Garbutt won from Moon in his first game by 21 to 10. Hall was exceptionally easy for Mitchell in the first passage at arms, losing by the score of 21 to 9. Today the following-named will play off scheduled games: Mitchell vs. Hall; Garbutt vs. Hill; Moon vs. Wellcome; Whelan vs. Loomis.

The standing of the finalists last night was as follows:

Name	Played	Won	Lost	Points
Whelan	4	4	0	1000
Mitchell	4	3	1	833
Loomis	4	3	1	500
Garbutt	4	2	2	333
Hill	4	2	2	250
Moon	4	1	3	166
Wellcome	4	0	4	0

*All games forfeited.

Golf Champ Defeated.
GRAND RAPIDS (Mich.) June 22.—H. Chandler Egan of this city, Western amateur golf champion, playing under the colors of the Exmoor Country Club, Chicago, was defeated in the third round of the Kent Country Club match by George Klingman Jr., of the Homewood Club, Chicago, six up and five to play. Klingman negotiated the course in 76.

Holst Wins Skating Race.
The mile race on roller skates at the Dreamland rink was won last night by Holst, who defeated Dooley, by the distance in 3:15. Bell, skating against time, covered the mile in 3:15. A race has been arranged between Bell and Holst for next Tuesday evening.

*The maximum is for day before yesterday; minimum for yesterday. The mean is the average temperature for the two days.

Yesterday's Report and Forecast.

U. S. WEATHER BUREAU, Los Angeles, June 22—(Despatch by A. B. Wheeler, Local Forecaster.) At 5 o'clock a.m. the thermometer registered 61 deg.; at 5 p.m. 80 deg. Relative humidity 5 a.m. 50 per cent; 5 p.m. 75 per cent. Wind, S.W. 10 to 15 m.p.h. at 5 p.m. southwest, velocity 15 m.p.h. Maximum temperature, 80 deg.; minimum, 50 deg.

Weather Conditions—There has been a cold front in the Middle Western States since yesterday, due to the southward movement of a storm from British Columbia. This disturbance has joined forces with the lake storm, and the two now form a trough or low pressure extending from the lake southward to Arizona. The pressure is high over the North Pacific States and in the Gulf of Mexico. Light showers have occurred in Washington, Montana and New England States. Elsewhere fair weather has prevailed. The indications are for continued fair weather in Los Angeles and vicinity tonight and Saturday, with clouds (high fog) tonight and Saturday forenoon; mostly clear and sunny Sunday.

San Francisco, June 22—Weather forecast: San Francisco and vicinity: Fair Saturday; somewhat warmer; light north wind, changing to fresh.

Sacramento Valley: Fair Saturday; continued warm; light north wind.

San Joaquin Valley: Fair Saturday; light north wind.

Los Angeles and vicinity: Fair Saturday; light north wind.

YUMA (Ariz.) June 22—(Exclusive Dispatch from the U. S. Geological Survey.) Gage indicates Colorado River, 55.5 feet.

Summer Models in 2 and 3-piece Suits

The Story: Did it ever strike you that Hamburger's never advertise any clothing brand or maker? There is a reason, viz: Every article or piece of merchandise sold over our counters is guaranteed. It must be satisfactory from the customer's viewpoint, else we refund the purchase price. Therefore, we buy of no one man or firm whose make may be good one season and inferior the next. We search the market over, choose from and of the best: every maker claims to be Hamburger's for three reasons—first, we can purchase more than any local dealer or combination of local dealers; second, we always pay spot cash; third, they know we advertise no name save our own, so they have no trouble with their regular patrons.

The present purchase consists of

ONE THOUSAND EIGHT HUNDRED AND FIFTY (1850) MEN'S TWO AND THREE-PIECE SUITS WORTH REGULARLY FROM \$15.00 TO \$20.00.

The maker's label is on every suit, but, better still, the Hamburger guarantee goes with every suit. The assortment comprises one thousand two-piece all wool suits in Flannels, Homespun, Cheviots and Tweeds; single or double breasted long coats, with deep center vents; one-fourth and one-fifth Brilliante lined. There are 550 three-piece suits, single or double breasted; long or medium long coats, with side or center vents; best Princess Serge lining; broad front fitting shoulders; body fitting coats with wide flare; are in light and dark; plain or fancy worsteds; sizes 34 to 44 for regulars, slims and stouts.

\$9.95 Eighteen Hundred and Fifty Suits Fully Worth \$15.00 to \$20.00. **\$9.95**

Boys' Suits
